

ME AND MY CAR

Me: Ron King

My Car: MGB Roadster 1980.

“Good fun, and not too precious to chuck about” is how Ron describes his MG, which he has owned since 1989. The car was originally registered in St Heliers, and was imported and re-registered in Glasgow in 1984.

Ron has resprayed the MG in the original brown, and fitted a full-flow manifold and stainless exhaust which generate a healthy note. The “deck chairs” have been replaced with bespoke black leather covers complete with brown piping and the rostyle wheels replaced, for summer use, with the brilliant chrome “spoked” bolt-on wheels that lift the appearance of the car.

Ron assures me that these latter items come up a treat if they are put in the dishwasher!!!!!!!
